

Sujit Vishwakarma

Product Designer

vsujit052@gmail.com | +91 80701 44447 | Mumbai (Mira Road) | [Portfolio](#) | [Behance](#) | [LinkedIn](#)

SUMMARY

Product Designer with 4+ years of experience turning complex problems into interfaces people don't have to think twice about. Works across the full design process — from user research and information architecture to high-fidelity Figma prototyping, design systems, and developer handoff. Comfortable in SaaS, fintech, and civic platforms. Uses AI-augmented workflows to ship faster without compromising on craft.

WORK EXPERIENCE

Web & UI/UX Designer | Addnectar Solutions

Jun – Sep 2025 · Mumbai

- Led UI/UX design and brand direction across all client accounts — from discovery and UX research through Figma prototyping and developer handoff
- Delivered **2 complete website projects end-to-end** — information architecture, wireframes, high-fidelity UI, and design system documentation

Product Designer | Freelance Practice

2021 – Present · Independent

- End-to-end UI/UX and product design for **10+ clients across SaaS, fintech, and e-commerce** — user research, flows, wireframes, prototypes, and handoff
- **90% client retention** — driven by structured UX process, clear documentation, and measurable outcomes
- Reduced average delivery time **~30%** through AI-integrated design workflows (Claude, ChatGPT, Midjourney, Google Stitch, Relume)

Graphic Designer | Comfort Securities Ltd.

Dec 2023 – Dec 2024 · Mumbai

- Designed website UI/UX and unified design system across **6 BFSI group companies** — consistent visual language, component library, and interaction patterns
- Design system and UX overhaul directly contributed to **5× lead generation growth** through improved trust signals and conversion flow
- Built reusable Figma component templates — cut recurring production time by **40%**
- Delivered annual reports, investor decks, and BFSI-standard marketing assets

Associate UI/UX Designer | Hands in Technology

May – Oct 2023 · Remote

- Led **full UI/UX of Vidhan Bhavan government portal** — conducted UX research, user interviews, card sorting, user flows, wireframes, and high-fidelity Figma prototyping
- Designed **19-module admin dashboard** with role-based access control, CMS, member management, session calendar, debates archive, and task management
- Delivered **1 month ahead of a 6-month deadline** through close collaboration with development team and reusable component library

Junior Designer | Cosmifie LLP

Dec 2021 – March 2023 · Remote

- Managed design execution for 4 clients simultaneously — social media, marketing assets, brand consistency
 - Recognised as **Employee of the Month** for output quality and on-time multi-client delivery
-
